

THE MANCOS

One or more features of this machine are protected by United States Patent

The Mancos is designed to give craft beverage makers the nano-canning experience they've been waiting for. No other canning system of any size can deliver on as many varying can diameters, such as sleek, slim, standard and the Crowler™ on one single machine.

This feature packed canning system delivers a high-quality packaging experience for canning any beverage.

FEATURES

- Available can-styles: Crowlers™, sleek, slim, and standard cans
- Tiny tabletop footprint
- Fully automated purge, fill, lid apply, seam
- Adjustable timers for all system functions
- CIP/SIP for fill system
- Equipped with:
 - Patented cam-less wedge seamer
 - Lid applicator with CO2 blanket generator
 - Intuitive operator color touch screen with QR code support manual access
 - Washdown systems for easy cleaning
 - Pre-Rinse mechanism

SPECS

- **Throughput:** 10-15 cans/minute, depending on can size
- **Can Sizes:** Slim, Sleek, Standard, Crowler™
- **Dimensions:** 52" L x 32" D x 33" H (1320 mm x 838 mm x 762 mm)
- **Weight:** 250 lbs (113 kg)
- **Construction:** 304 stainless steel and anodized aluminum
- **Power:** 120V or 208-240V
- **Air:** 2.1 CFM clean dry air @ 90 psi
- **CO2:** .5 CFM @ 25 PSI
- **Beverage Capability:** Beer, Wine, Coffee, Kombucha, RTD, Soda, Water and Juice, THC Infused, CBD Infused

Advanced Tech Pack Options

- **Automated Tank Pressure Controller:** maintains beverage pressure for perfect fills
- **Automated Fobber:** adds the perfect foam to each can for reduced DO levels
- **Post-Seam Rinse/Dry Module:** cleans cans prior to packaging
- **Automated Fill Raise:** system knows the precise time to withdraw the fill head from the can
- **Lid Sensor:** Lid sensor checks for a lid on a can before seaming. If no lid is detected it will not seam.
